Punya Pragati

From the Founder's Desk

Dear friends and all the well wishers of Punya,

I am glad to present you the monthly report of Punya for the month of June 2010. This month too saw some increased focus and participation from our members in identifying responsible social projects across cities,

We all know that Education empowers. Particularly, when it offers the most disadvantaged & the most underprivileged the opportunity to influence the very fabric of society. In essence, what education does is to offer everyone the promise of a better life, which is indeed of the utmost importance. I have seen this happen time and again. Punya makes its first sincere effort to provide opportunity to one deserving and disadvantaged student in Chennai by providing educational scholarship.

This month's fundraising efforts has generated **Rs 17406** from **19 generous donors**.

Recently I have moved to **California** for project related work and hope to be there for a period of a year or so. My absence will not be a deterrence to Punya's functioning. I will continue to support Punya activities from there and Punya Team Leads from here will step up with more dedication to bring in a responsible change in our society.

I look forward to your comments/suggestions on this report. I wish you all happy days ahead! And please remember our commitment continues! ☺

A Thank you note from the Student to Punya

To punya,
As I was studying in 12th standard, I get the fees from punya trust. It is very helpful for me at this moment. I will do my level best in 12th standard and I will show my regular records to punya. I will take it as challenge and I will come out with flying colours. I will take as responsibility when I come in a good position in future to help someones like me.

yours faithfully,
S. Anand
